

### ESSCA graduates:\*

**55%** sign a contract with their employer before finishing their studies

**95%** are recruited in less than three months

**91%** believe that their first employment is aligned with their professional project

**20%** begin their careers outside of France

The average annual starting salary is **33 000 Euros (gross)**

\* latest yearly data

Each student is guided throughout their period of study with the help of a Personal and Professional Project (PPP).

This involves individualised tutorials (with tutors and teaching staff) addressing the life of the student within the school (integration within the intake, analysis of the academic results, finding internships) and the construction of a professional project.

ESSCA Budapest

ESSCA Paris

ESSCA Shanghai

ESSCA Angers

## Excellence Scholarships

ESSCA Graduate School of Management invites applications for scholarships in its 2-year English-taught or French-taught "Grande Ecole" Master.

### The scholarship

- » starts in September 2012
- » Can cover all (15,000 €) or **up to** the total cost of the tuition fees for both academic years of the programme
- » does not cover: cost of living (= approx. 700 €/month) and admission registration fees (120 €).

The number of scholarships is limited and applications will be ranked according to merit.

*Details on the programme and the application procedure can be found under:*

Founded in 1909, **ESSCA** offers highly reputed degree programmes in both English and French at various locations; in France (Angers, Paris), in Hungary, (Budapest, since 1993) and in China (Shanghai, since 2007).

Graduates of ESSCA are awarded a 'Grande École' Master level Diploma recognized by the French State and the prestigious 'Conférence des Grandes Écoles'.

Approximately 2,400 students are enrolled at the different locations.

ESSCA provides practice based courses that would also benefit the following:

- **Economics students**
- **Engineers**
- **Scientists**
- **Humanities students**

Thus providing a complementary 'second string to your bow' for your future career development.
