

FEEDBACK FROM AN AUSTRALIAN EXCHANGE STUDENT

Exchange semester at Group Essca

As I write this, with only a few more weeks left of our AEBS semester, it is hard to imagine that it has already been five months since we all arrived in Angers, from all over the world, and slowly got to know each other thanks to the incredible welcome team. For all of us, this has been the most eye-opening and unforgettable experience, and one that is so hard to summarise.

We are very lucky to have been taught by a diverse set of lecturers, from all around the world, giving us a wide range of perspectives in our courses. Although quite different from many of our home universities, ESSCA has been an excellent business school to study at. Right from our orientation week, everyone – staff and students, has been very helpful and welcoming, always wanting to try out their English when we attempt to use our French.

Through such excursions as going to the Normandy cemeteries, ice-skating, or even visiting the Cointreau factory, we have all been to some marvellous places, and travelling together has been a great bonding process. We now have a network of new friends all around the world – from up north in Sweden and Russia, to down under in Australia.

Merci beaucoup ESSCA for a wonderful and memorable AEBS semester, an experience that we have all gained from, and one we will never forget. “
