ANGERS SUMMER PROGRAM 2022

ANGERS SUMMMER PROGRAM

ANGERS SUMMER PROGRAM

An introduction to European Union and the European single market

Europe is not the same place it was 50 years ago. In a constantly changing world, Europe is grappling with new issues: globalization, demographic shifts, climate change, the need for sustainable energy sources and new security threats.

In the light of the challenges that Europe is facing, borders count very little. But acting as one, Europe countries can deliver results and respond to the concerns of the public.

For this, Europe needs to modernize. Expanded from 15 to 28 members, the EU needs effective, coherent tools so it can function properly and respond to the rapid changes in the world.

Whatever face the future Union will have, its persistent development will be re-inforcing Europe's importance as a global player and an indispensable partner for the other major regions of the world. It will be more and more important for Europeans and non-Europeans alike to fully understand its historical fundamentals, its modern political structure, its different business culture(s) and way(s) of management.

ANGERS SUMMER PROGRAM

ESSCA, IN A FEW WORDS

ANGERS SUMMER PROGRAM

EXPERIENCE & TESTIMONY

Czarina Viele (from the Philippines):

"For me, the whole experience was unforgettable. The classes and the field trips were informative and interesting. The program made me appreciate Europe's history and understand a little more about politics and economics. But more than that, I was able to grow personally in a way that I never would have if I did not get out of my comfort zone and choose to participate in the exchange program."

Andrew (from Canada):

"The intimate atmosphere of the lectures and the exceptional opportunities to meet with professionals and politicians alike all contributed to fostering a unique learning environment."

Dan (from China):

"I was really happy with the structure of the whole program. Everything including lectures, field visits and accommodations is very well organized. Helps are very easily approachable. For me, this is one of the best programs I have ever attended so far."

Fang Fang (from China):

"I gain a lot from this Summer Program. I will bring my new concepts and ideas back home to show what I saw and heard. It will be a very meaningful study in my whole life."

Manuel (from Mexico):

"Europe is a place that I like. In this summer program I had the opportunity to visit many places where most of the people don't go; in those places my cultural thoughts grew and now I can pretend to think with more ideas and with different points of views.

I need to thank all the people that help me to be in this program. Thanks to ESSCA for this experience"
